Foundation Sponsors Personal Technology Empowerment Workshop: Enhancing the Use of Your Tools

Get the most efficiency out of your personal technology – computers, cell phones, and cameras – at a workshop sponsored by the Torch of Wisdom Foundation on Saturday, November 9, 2013, from 2:00 to 5:00 p.m. at 21819 W.9 Mile Road, Southfield. This is about getting the most efficiency out of your personal technology by being able to ask as many questions as you want, getting hands-on assistance from content experts and power users, and receiving a resource booklet for future use.

The workshop includes “Basic Internet Applications and Functions,” “Quick Tips and Maneuvers,” and “Social Media How-To’s.” Cost for the workshop is \$20 and includes refreshments.

All participants are asked to complete a brief survey prior to the session. You are encouraged to bring your equipment (laptops, tablets, mobile phones and cameras) to the session with you. Participants can pre-register now through October 31 by emailing pauletteboggs@gmail.com or calling 248.252.8481.

Established in 1993 by a group of civic-minded African-American women, the Southfield, Michigan-based, public charity provides grants to support scholastic achievement and community service programs. To learn more about this event, the Torch of Wisdom Foundation, and to make payment, go to www.towfinc.org. You may also send your contribution to the Torch of Wisdom Foundation, PO Box 2787, Southfield, MI 48075.
